Storage solutions you can rely on

N8800SAS 2U 8 Bay Rackmount NAS Appliance, 8 x 600GB

Through our continued partnership with Thecus we are able to bring new highly demanded technologies to the forefront of the market such as external SATA (eSATA) Direct Attach Storage and Network Attached Storage. In today's networked world, digital content is truly the most precious asset. At Origin we take pride in developing innovative storage solutions that keep data safe and secure. Our aim is to deliver high-quality NAS products that meet the storage needs of individuals and large organizations alike.

Product	N8800SAS 2U 8 Bay Rackmount NAS Appliance, 8 x 600GB
Description	Thecus 8 Bay Enterprise NAS with 15K SAS HDDs
Reference Number	OS-N8800SAS-4.8TSAS
EAN-Code	5055146563365

Thecus® Technology is always pushing the boundaries of what people expect in NAS storage. Constantly innovating, Thecus® has released a number of world firsts, and today, Thecus® is proud to announce another one: the N8800SAS – the world's first rackmount NAS to feature SAS hard disk support for blistering data performance. Engineered for businesses looking for a high performance yet cost-effective storage platform, the N8800SAS is a 2U rackmount NAS that features a bevy of cutting-edge technologies. Headlining is its ability to accommodate up to eight SATA or SAS (Serial Attached SCSI) hard disks.

* Dual DOM
* Snapshot
* RAID Volume Encryption
* UPS support

	Main specifications
CPU	Intel Core 2 Duo 2.16GHz
Memory	4GB
Number of HDDs supported	8 x 2.5 or 3.5 inches
HDD Interface	SATA I/II, up to 2TB tested (only Thecus certified drives)
Capacity	4.800 GB
External Interface	4 x USB 2.0 host port, 1 x eSATA, 2 x RJ-45:10/100/1000 BASE-TX, 1 x RS-232
Power Supply	Redundant 450W
	Network specifications
Network File Protocol / Services	TCP/IP, CIFS/SMB, AFP, NFS, HTTP, HTTPS, FTP, FTP-SSL/TLS, DHCP Server, DHCP Client
Network Client Type	Windows, Mac OS, Linux/Unix
iSCSI Features	ISCSI target: Up to 15 iSCSI targets under each file system (v3.01.00 above)
	RAID specifications
RAID Levels	RAID 0, 1, 5, 6, 10, JBOD
RAID Features	Online Migration, Online Expansion, Hotswap, Hotspare, Disk Roaming, Multiple RAID Modes
	Additional information
Warranty	3 year RTB warranty (1st year SWAP service)
Box Contents	NAS system with hard drives, Power Cable, RJ45 Cable, Documentation, Setup CD
